Dual investment
objective of income
and growth

About DNR Capital and the Portfolio

→ Concentrated:

Investing in 15-30 highest conviction, Australian listed equities. Concentrated portfolios of quality companies maximise the opportunity for outperformance.

→ Style neutral and quality focused:

A disciplined approach to quality and valuation.

→ Dual investment objective:

Acknowledging the value of both income and capital, this strategy focuses on delivering a high level of tax-effective income that grows over time, in addition to growing the investors capital.

→ A diversified set of opportunities:

At DNR Capital, we categorise income generating companies as:

Growers: A company that is delivering below market income in the short term, however is expected to deliver above market income growth over the long term.

Compounders: A company that is delivering a market level of income, with the potential to deliver above market income growth on a sustainable basis.

Cows: A company with a solid balance sheet and capital management potential that is being undervalued on traditional earnings-based metrics.

Yielders: A company that is delivering sustainable and cash-backed dividends, however with minimal (or no) income growth.

→ Experienced and aligned team:

The portfolio managers have more than 45 years of combined investment experience and are invested alongside our clients.

→ Proven process:

DNR Capital was established in 2001 and a consistent firm-wide investment process has delivered more than 21 years of investment out-performance.

Portfolio snap shot

Investment return objective:

To outperform the benchmark and deliver higher levels of income over a rolling three-year period. The investment objective is not a forecast of the Portfolio's performance.

Benchmark:

S&P/ASX 200 Industrials Total Return Index

Number of stocks: 15-30

Asset allocation ranges: Australian Equities 80-100%
Cash 0-20%

Portfolio managers: Tim Bingham and Jamie Nicol

DNR Capital Australian Equities Income Portfolio

Investment philosophy and process

DNR Capital believes a focus on quality will enhance returns when combined with a thorough valuation overlay. DNR Capital seeks to identify good quality businesses that are mispriced by overlaying DNR Capital's quality filter, referred to as the 'quality web', with a strong valuation discipline. The Fund seeks to identify quality investments, delivering sustainable, growing income. The Fund seeks to invest in a selection of securities that have high and sustainable dividend capability, strong profit-to-cash conversion, and relatively assured earnings growth. The investment strategy of the Fund is intended to result in a concentrated portfolio that is high conviction and invests for the medium to long-term.
